

“The Rhythm of Paradise”

The word "Laku" means "rhythm" of song in Urakalwoi (sea gypsy) language.

"Continuing the tradition of the Sea Gypsies "

Embark on a culinary adventure inspired by the Moken people's timeless connection with nature, as our restaurant proudly presents a menu that pays homage to their artful approach to fresh ingredients. Drawing inspiration from the Moken's traditional foraging practices, our chefs meticulously select the finest locally sourced herbs, seafood, and produce to craft a menu that captures the essence of the coastal ecosystems. Each dish is a symphony of flavors, showcasing the vibrant and diverse bounty of the land and sea. Immerse yourself in the Moken people's style of using fresh ingredients, where sustainability, seasonality, and a deep respect for nature converge to create a dining experience that is not only delicious but also a celebration of the rich cultural heritage embedded in their culinary traditions.
